Summary

Results-driven Senior Flutter Developer with over 8 years of experience in mobile app development. Specialized in building cross-platform solutions with Flutter and native Android apps using Java and Kotlin. Proven ability to design and deliver scalable, high-performance applications with a strong focus on clean architecture, UI/UX excellence, and seamless API integration. Skilled in Agile workflows, CI/CD automation, and cloud-based services like Firebase. Recognized for mentoring junior developers, driving best practices, and collaborating with cross-functional teams to deliver impactful, user-focused digital products.

Education

Mansoura University, Faculty of Computer & Information Science (2013 – 2017)

Degree: Good

Skills

❖ Mobile App Development

- Cross-platform apps with Flutter (Android & iOS)
- Native Android development (Java, Kotlin)
- UI/UX implementation, responsive layouts & custom design
- Clean Architecture, SOLID principles, MVVM
- App Store & Google Play deployment
- Push notifications, background services & in-app messaging.

❖ Flutter Expertise

- State Management (GetX, Provider, Bloc)
- Advanced Widgets & Custom Components
- RESTful APIs & Firebase integrations (Auth, Firestore, Cloud Messaging, Crashlytics)
- Offline-first apps with caching/local storage (Hive, SQLite)
- Custom themes, localization, and accessibility
- Performance optimization with Flutter DevTools.

❖ Architecture & Advanced Features

- Modular & scalable project structures
- Native platform channels (Android/iOS integration)
- Maps, geolocation, geofencing, and real-time updates
- Secure storage, data encryption, OAuth2, JWT authentication
- Payment gateways (Stripe, PayPal, in-app purchases)

❖ Tools & DevOps

- Git, GitHub, GitLab version control & workflow automation
- API documentation & testing (Postman, Swagger)
- Crash reporting & analytics (Firebase, Google Analytics)

❖ Soft Skills

- Agile & Scrum methodologies
- Mentoring junior developers & onboarding teammates
- Strong problem-solving & debugging mindset
- Effective communication across cross-functional teams
- Ownership of projects from concept to release

Work Experience

- **Kodepedia** – Senior Flutter Developer (02/2025 – Present)
- **World Of Systems** – Senior Flutter Developer (09/2023 – 02/2025)
- **Fabrica Creative Studio** – Senior Flutter Developer (05/2022 – 09/2023)
- **Theqqa** – Flutter Developer (09/2021 – 05/2022)
- **Freelancer** – Android & Flutter Developer (04/2020 – 09/2021)
- **ElWAHA** – Android Developer (10/2019 – 04/2020)
- **Hmaserv Company** – Android Developer (06/2018 – 10/2019)
- **Freelance** – Android Developer (2017 – 2018)
- **Self-Learning** – Android Developer (2016 – 2017)
